The University
HOMESTEAD ASSOCIATION
THE LANDS OF THE ABOVE NAMED ASSOCIATION are situated in San Francisco and are eligibly and most desirably located adjoining the grounds purchased by the Presbyterian University Society, on which College buildings are to be at once erected The site is less than thirty minutes ride from Montgomery street; lying just west or back of the lands of the South San Francisco Homestead and Railroad Association and the Bay View Park almost within a stone's throw of
ST. MARY'S COLLEGE.
The tract will require little or no grading there being scarcely a single lot on which it would not be safe to build without any change of grade It commands a
Beautiful View of the Bay,
And its opposite shore, and has a soil of extreme richness So great are the natural attractions of the spot that very many of the wealthy citizens of San Francisco have already purchased whole blocks in the same tract, and design building residences thereon
The Rev E Thomas, D D.,
Is President of the Association Lester L Robinson formerly Vice President of the Sacramento Railroad Company is the Treasurer, and Thomas B Lewis formerly of Portland Secretary
Four lots, 25x100 feet each, constitute a share, costing $315—paid in monthly installments of $10 each, after the first payment of $10 has been made
Maps and books giving full information of the workings of the Association can be obtained at the store of J L PARRISH & CO

The Jacksonville Sentinel says It is with pleasure we announce that every dollar of the stock in the Rogue River Woolen Factory is taken It is needless to reiterate arguments to prove that the enterprise will be successful. The avidity with which the stock has been taken proves that our people are satisfied on that point, and are determined that the bulk of the woolen goods required in this section shall be manufactured in our own county The people of Ashland deserve some credit for their liberality, and those who have so zealously forwarded the enterprise by their personal efforts deserve to be rewarded by ultimate pecuniary success. It will be seen in another column that a meeting of stockholders is called for the purpose of organizing, and commencing active operations immediately We hope there may be no further delay, and within twelve months we fully expect the factory to be in successful operation, and within two years increased to double its capacity
A Jacksonville paper has the following in regard to Wines mining district Our information from this new mining district is meagre Enough, however, has been ascertained to warrant the conclusion that gold in fair paying quantities, can be found in the creek and gulches The snow still remains in that locality to such an extent as to utterly prevent a fair or general investigation by prospecting; yet many of the owners of creek and gulch claims are ground-sluicing with hopes of a fair remuneration Between one and two hundred claims have already been located and according to the local mining laws of the camp the claim holders will have to commence work by the 15th of May next, or their claims will be considered abandoned which will necessarily cause the district to be pretty thoroughly prospected, either by their present owners or those who may take them up after they are abandoned There is hardly a doubt but that the creek and gulches in that locality are rich in gold deposits, and the discovery of these diggings will lead to further prospecting in a northeasterly direction that will open rich mines which have hitherto been passed over by the miner intent on Montana and Cariboo, because distance lent enchantment to the vision of the richness of the mines in those far off countries, when the "filthy lucre" lay in abundant quantities at his own door

The Southern Press

We give a few extracts from the Southern press as indicative of the temper of the people of that section The Lynchburg Virginian is disgusted with the talk of resistance which has been uttered so freely by the Northern Copperheads, and moved thereby, discourses in this wise
"We have an indistinct recollection that aid and comfort of this same kind was given to us six years ago by the false friends who afterwards joined the Republicans in hunting us on the war upon us They were going to do wonders They declared that the streets of New York would run with blood ere an army should march from there to invade the South But it did march and John Cochrane Dan Sickles and many others of those knowing Democrats marched with it. Let the Southern people be warned "
The Atlanta Opinion says
"There is nothing more certain than that the private sentiment of the country favors an immediate and full acquiescence in the plan proposed in the Sherman substitute The people favor it as the best thing that can be done They are getting weary of this unequal and fruitless contest The are getting tired of the confusion and uncertainty growing out of further delay "
The Griffin (Ga) Star has the following
We think for once Uncle Sandy' (Gov Brown) is right We agree with him that if reconstruction is to come through such a channel, let the 'so called' loyal men do the work We have had enough of turncoats Ben Butler was once a 'secesh,' and Brownlow was once the bitterest of all the persecutors of the abolitionists.'
The Marietta Journal thus alludes to the same subject
"Governor Brown urges Governor Jenkins to convene the legislature without delay, and to recommend the calling of a convention to change our State Constitution by providing for universal suffrage, without regard to color, and for conformity with the other provisions of the Sherman bill While it cannot be said that, in this instance, Mr Brown has catered to popular prejudice, it may be said with truth that he has given some very sensible advice however distasteful it may be to most of our people We must move now in this matter to avoid complications still more humiliating than anything yet before us"

A woman named Weiss attired herself in man's apparel one day lately, in Newark, New Jersey, and undertook to thrash Mrs Miller when Mr Weiss, her husband came along and discovering a man beating a woman, interfered and gave his wife a sound whipping before he discovered who she was

Labor

For some time past the labor question has been a subject of discussion in many of our States, and in some of them it has been pushed so far as to cause the enactment of laws to establish the "eight hour" system This agitation has not taken a political character, that is to say neither of the political parties have assumed to be the champions or opponents of the system, therefore it has not become a party measure It is simply a phase of the old contest, so-called, between labor and capital—labor endeavoring to secure for itself the largest possible remuneration, and capital endeavoring to obtain the greatest amount of labor that can be had for the money. It is the same law that prevails in all business transactions, the purchaser seeking to obtain his commodities at the lowest price, and the seller demanding and holding out for as much as he can get Strikes for the eight hour system are of very common occurrence throughout the North and West. Men who have labor to sell demand that eight hours shall constitute a day's work instead of ten; that is, they demand wages one fifth larger than formerly. Employers refuse this demand, and decline to pay for four fifths of a thing the same money which they have heretofore paid for the whole. The Legislatures of several States have taken, or assumed to take, the side of the working man in this controversy, and have come to his aid with enactments intended to secure to him the advantages he was contending for. But here arises another difficulty, the consequences of which in many places are already apparent. Laborers may decline to work more than eight hours a day, but employers are refusing to pay them full wages for eight hours work. When the relative situation of the employer and employee are considered, when it is remembered that the former class as a general rule possess capital and can live though their work remain undone, while the latter are obliged to work to procure means of subsistence, it will not be difficult to foresee where this controversy will end. Men will be compelled to work under the old system and for the old rates. The employers cannot be forced into measures, because they have every advantage and can hold out longer than the employees can possibly do. That it would be highly advantageous to the laborer to have the so-called eight-hour system established, that it would contribute largely to his personal comfort and enjoyment, and to his mental and moral improvement, there can be no doubt. But capital is watchful of its interests and will not consent to a profit for the purpose of establishing this result. Theoretically, the eight hour system may be excellent, practically, it is an impossibility. For, eight hours labor will not command the wages paid for the labor of ten hours, and it is folly for working men to entertain any such delusive expectation The wages of eight hours work will not, as a general thing, suffice for the support of the laborer and his family, therefore he will be compelled to devote a larger part of each day to labor in order that he may receive a larger amount of pay. These remarks will not apply to the Pacific coast with so much force as to the older States, because there is a greater proportionate demand for labor here, and also because labor here is better rewarded than in older and more populous districts. It may be laid down as a rule that when the eight hour system is adopted, wages will be reduced in just this proportion. Then it will quickly follow that laborers will be driven by their necessities back to the old system. Labor is a commodity in the market. Nothing can enhance its price by one-fifth (and that is what the eight-hour system attempts to do) except a less abundant supply. So long as it is equal to, or far in excess of the demand, the effort to secure for it an increased remuneration will be an idle one This is not a flattering prospect for working men, but it is an inexorable fact. The eight-hour system is possible where laborers can live on the reduced wages which eight hours labor will bring them, but where they cannot do this, and in the densely populated districts this cannot generally be done, there the eight-hour system cannot prevail. Legislation will not help the matter in the remotest degree, because legislation cannot change the universal law of supply and demand by which every market, including that for labor is governed An example of this may be seen in the case of Illinois The Legislature of that State has enacted the eight-hour rule, and now employers refuse to pay the old rates of wages and have hit upon the plan of hiring workmen by the hour, encouraging them to work ten hours as before The employers will not yield and the employees must. The same general result will follow every attempt to enforce the eight hour rule. This rule cannot be established unless the demand for labor exceeds the supply. It is the same thing as a demand for increased wages, and its success depends on precisely the same laws

SINGULAR SCENE —Chief Justice Titus, of the United States District Court at Salt Lake, recently delivered an elaborate charge to a jury upon the crime of polygamy, and calling their attention to an Act of Congress recently passed upon the subject. At the conclusion, one of the jurymen wished to be excused, and the following dialogue ensued:

"On what grounds?" asked the Judge. "I am a polygamist," answered the juror "That makes no difference," said the Judge, "I am not your accuser, take your seat, sir" The Judge then asked him if he had violated the Act of 1862, but advised him of his privilege to refuse answering the question The juror replied that he had no more to say Yera Snow, Territorial Prosecuting Attorney, then arose and said he, too, was a polygamist and added "that as the Judge had in his remarks said that no one should question or refuse obedience to the mandates of the Supreme Ruler of the Universe, he concurred in such opinion and was therefore a polygamist"

The Copperhead papers, including the "organ" are boasting of a Democratic gain in New York. Returns published in the Albany *Evening Journal* show that in 793 towns in that State which have held elections this spring, the Republicans have gained nine as compared with the result of last year. Then they had 529 and the Democrats 264 Now they have 538 and the Democrats 255. And the telegraph tells us that in the election for delegates to the State Constitutional Convention, which occurred this week, the Republicans have carried the State as usual. It is the old story of "Democratic gains"—by the rule of contraries—which we have heard so frequently during the last ten years.

The President has nominated nearly every member of his clique of renegades for the Austrian Mission, and the place still remains unfilled. Doolittle would doubtless resign for the purpose of getting it were it not for two considerations. Of these the first is the knowledge that that the Senate would never confirm him, and the second is that he is too mean to do his outraged constituents the justice of resigning the trust they have given him, and which he has so shamefully betrayed.

The Macon (Ga) *Journal* condenses a column of wisdom in the following appropriate quotation from the solemn poet of the "Night Thoughts," which it publishes as a leader on the subject of reconstruction, being all it has to say on that topic

CAPITAL STOCK, $1,000,000!

Directors:

JOHN PARROTT, CHAS H McLANE,
WM. C RALSTON, A HAYWARD,
LOUIS A CARNETT.

LOUIS A CARNETT .... President and Manager
JOHN HEWSTON, JR. ..Chemist and Superintendent

THIS COMPANY HAVING GREATLY enlarged their Refining Works, and introduced many other important improvements, are pleased to announce that they feel warranted in again reducing materially their terms of doing business

THE TARIFF OF CHARGES

Which they now submit to the public—considered with reference to the cost of material and labor—is lower than in any other part of the world, and secures to the mining interest of this coast an important increase in both the minting and commercial value of bullion

Their charges hereafter will be as follows:

FOR ASSAYING DEPOSITS FOR UNPARTED GOLD BARS

One-eighth of one per cent (heretofore a quarter) for all amounts over $1,600, and two dollars for any smaller sum Returns made in twenty-four hours.

FOR ASSAYING DEPOSITS FOR UNPARTED SILVER BARS.

Two dollars for the gold contained, up to $1,600, and one-eighth of one per cent, for all amounts over that sum, and one per cent on the silver contained Returns made in twenty four hours

FOR REFINING DEPOSITS MADE FOR COIN OR FINE BARS.

On bullion under 300 parts gold, 2 cents per ounce

On bullion from 300½@600 parts gold, 4 cents per ounce

On bullion from 600½@750 parts gold, 6 cents per ounce.

On bullion from 750½@949½ parts gold, 8 cents per ounce

Above 950 the only charge will be for coinage, But there will be no charge for refunding less than two dollars

FOR COINING GOLD.

This charge will be the same as at the Mint—a half of one per cent.—and which is paid by us to that institution But there will be no charge in future for making fine gold or silver bars from bullion refined by us

RETURNS IN COIN IN FORTY-EIGHT HOURS.

Silver contained in deposits for coin will be accounted for at the same rate customary at the Mint

Gold bars of other Assayers, in good standing, will be cashed by us at the highest market rates

Dust and bullion can be forwarded to us from any part of the country, and returns made through Wells, Fargo & Co's Express

CHARGES AT U S. BRANCH MINT

For the convenience of those not familiar with the terms of the Mint, we subjoin the tariff of charges now in force at that institution

For refining bullion under 300 parts gold, 3 cents per ounce

For refining bullion from 300½@600 parts gold, 5 cents per ounce

For refining bullion from 600½@750 parts gold, 7 cents per ounce

For refining bullion from 750½@830 parts gold, 11 cents per ounce

For refining bullion from 850½@949½ parts gold, 14 cents per ounce

The charge for coinage is half of one per cent., and the charge for making fine silver bars, the same

Comparing the net value of deposits for coinage, with the proceeds of unparted gold bars sold in the market—assuming that the bars have cost ½ of one per cent—they must be sold at the following par rates to equal the return which would have been made had they been deposited for coinage:

850 par to equal Mint return, at refining charge of 14 cents

845 par to equal Mint return, at refining charge of 14 cents

805 par to equal San Francisco A. & R. Works return, at refining charge of 8 cents mh1d2p3m

The Daily Oregonian.

SATURDAY MORNING, APRIL 27, 1867.

CITY.

THE WEEKLY OREGONIAN.

The WEEKLY OREGONIAN is published this morning. It contains the latest telegraphic news from the East and California, a selection of the best articles appearing in THE DAILY OREGONIAN,—full and reliable news from the Mines, and the most copious commercial information published by any paper in the State.

The average amount of reading matter in the WEEKLY OREGONIAN is double that published by any other journal in Oregon; and in the particular of Commercial statistics and the Markets we aim to make it the most reliable more especially in matters pertaining to Oregon interests.

☞ Single copies 12½ cents, or $3 00 per year, to any part of the United States, or British Columbia.

STEAMSHIP CONSOLIDATION.—The San Francisco Times of the 20th inst., says of the consolidation of the C. O. and M. Co., the O. S. N Co. and the Anchor Line:

The combined companies now own a very considerable proportion of the steam marine of the Pacific Ocean. The whole number of these steamers is sixteen, covering a tonnage of 16,500 register. The Pacific Mail Steamship Company have ten vessels, amounting to some 25,000 tons register, and the North American Steamship Company have two steamers, the America and the Moses Taylor. All the Pacific Mail Steamship Company's boats are side-wheel, and of the Consolidated Company's steam ten are side-wheel and six propellers. By the contract transfer they have made an accession to their property amounting to something like $700,000, the capital of the California, Oregon and Mexican Steamship Company being $5,000,000, of which, $4,000 000 is represented by stock, in $100 shares—$1,000,000 being apportioned as a reserved fund. Ben Holliday is President of the Company, the headquarters of which are at New York. In yesterday's Times we stated that several alterations and alterations in the various coast routes were contemplated. It is proposed, however, to continue the present service, as heretofore. The next Mexican steamer will be the Continental which leaves on Saturday, the 27th inst., calling at Cape St. Lucas and La Paz. The rates are fixed as under:

	Mazatlan	Guaymas
Cabin passage	$70	$75
Steerage	35	40
Freight, per ton	10	12

It is probable that the Senator will be placed on the San Pedro route, no alterations being made in this line. The John Hancock is spoken of for the Tomales route, which will shortly be inaugurated. On the Northern route, the Gardiner City, Eureka, Humboldt Bay, Trinidad and Crescent City line will be served by the Del Norte, which leaves for the first named place to day. The following rates have been fixed:

	Crescent City.	Gardner City.
Cabin passage	$30	$40
Steerage	15	20
Freight per ton	10	10

Down freights from Gardiner City and Crescent City will be two dollars per ton less than the figures given above. The screw steamer Idaho will leave for Portland to-day, carrying the mails. The company have made a ... to carry the mails tri-monthly to Oregon, and in all ... they will obtain the subsidy. The rates for ... are as follows:

Cabin passage	$36
Steerage	20
Freight, per ton, up	6@7
" " down	5—6

For Victoria, Vancouver's Island, the screw steamer California sails to-day, touching at Port Townsend. Hereafter, it is probable that all the principal ports on Puget Sound will be visited. The rates by the California are:

Cabin passage	$40
Steerage	20
Freight per ton, up	8
" " down	6

In the first of June the steamer Oriflamme will be dispatched to inaugurate the new line to Sitka, in the recently acquired Russian Territory. She will call at Victoria on the way. The rates to Sitka have been fixed as under:

Cabin passage	$100
Steerage	50
Freight, per ton	20

Besides these lines the consolidated company have put in a bid for the annual subsidy of $75,000, for a regular ... to Honolulu. When all these arrangements are completed, and the alterations in good working order, with every route properly served, they will have a reserve of five or six steamers to act in emergencies, and supply the places of disabled vessels.

UMATILLA ITEMS.—The following items are from the Umatilla Register: Mr. John McMullen offers a reward of $100 for the recovery of the greenbacks and gold dust which was recently stolen from him. It is rumored here in military circles, that two companies of troops will shortly be transported from this Department to our newly acquired possessions in Russian America. The finest lot of cedar lumber we have seen, was brought into town last week by Mr. Louis Lieser, who has just completed his new mill on Salmon Creek. It is sound evenly sawed and entirely clear of knots and other blemishes.——Our old townsman, Rev. J. G. Hayman, has received an appointment as Chaplain in the regular army under the recent law of Congress. His appointment is for life. He will for the present remain at ... We congratulate him upon his good ... The irrepressible Mike Shea informs us that another race will take place a week from to-day, on the Birch Plain track, between his celebrated mare and "Tom Thumb," a fast horse belonging to Mr. Chas. Bird, of this county. The race is for $250 a side.——The High School, which has been for some time in contemplation by our citizens, will open on Monday morning, the 29th inst., under the management of Mr. W. D Nichols, late of Belles Academy. The school will be held, temporarily, in the M. E. Church. The rates of tuition have been fixed by the Directors as follows: Primary, $6; Common English, $7; Higher English, $9; Languages, $3.—— The following permanent officers were chosen by Vigilance Hook & Ladder Co., No. 1, last week: W. H. McGrath Foreman; Chas. T. Stiles, 1st Assistant; N. Schofield, 2d Assistant; H. Cochran, President, Peter H Fox, Secretary, Wm. Mank, Treasurer. The following delegates were chosen; Wm. Baker, H. Cochran and Curtis F Short.

PACIFIC COAST DIRECTORY.—Yesterday, we briefly noticed the receipt of a copy of the Pacific Coast Directory. The following extract from the preface of the work will serve to show what it contains: "The first part of the work contains the organization of the different departments of the Federal Government on the Pacific Coast, and the officers thereof, with a variety of useful data of a general character; the organization of the different States and Territories of the Pacific Coast, and the officers attached thereto, with appropriate references to the various ... and a carefully prepared exhibit of the resources of the States and Territories included in the plan of the work. In this department the agricultural, the mineral, the commercial, and the manufacturing ... have each received careful attention, and a large amount of valuable information, including an important bulletin upon the mineral resources of California by J. L. Keyes, Esq., will be found contained therein, more complete and thorough in its details than any hitherto published. Part second embraces a gazetteer of the counties, cities and towns of the Pacific Coast, the local officers governing the same, with the address of each ... manufactures, and professional residing ... Part third includes a classified Business Directory, containing the names of each merchant, manufacturer, and professional in the State of California, Oregon, Nevada, the Territories of Washington, Idaho, Montana, and Utah, and the Colony of British Columbia, arranged under the head of the business or profession in which he is engaged. The number of different addresses referred to in these various departments of the work exceeds fifty thousand. An analytical table of contents, and a full and complete index, are added, which will exhibit at a glance the variety and character of the subjects referred to in the work, and greatly facilitates reference thereto." The bound volume will be issued on or about the 1st day of May.

THE RACES YESTERDAY.—A couple of races were contested over the Riverside track at the White House, yesterday, which attracted a good deal of attention and interest. The principal race was a trotting match, for a purse of $100. Three horses went in sulkey, to rule, mile heats, three best in five. Mr Welch entered the horse "Fashion," Ackley, the mare, "Belle of Portland" and J. A. Ladd, "Oregon Billy." The Belle won the first heat in 3:25; Fashion took the second in 3:20; Oregon Billy won the three following heats and the race in 3:23, 3:22 and 3:20. There was considerable small betting. The second race was a single dash of half a mile, to run, for a purse. Four horses were entered. The race was won by Charley Gurley. The day being a fine one, a large number of people went out from the city.

COOPER'S COAL.—Mr. Frank Cooper informs us that the Bellis Creek coal brought down by him on Thursday, was tested at the Gas Works yesterday. The test was made of 600 pounds, about half of which the operator allowed ... while. The result was 1,850 feet of gas, at the rate of 10,533 feet per ton of the pure coal. In ... of the prevalence of shale in the coal, it does not give as much coke. The gas resulting from the test was run into the reservoir, and the people of Portland used it last evening, for the first time with Webfoot gas.

FIREMEN'S BALL AT VANCOUVER.—A May-Day ball, given under the auspices and for the benefit of Geo Allen Fire Co, No. 2, is to come off next Wednesday evening, at Metropolis Hall, Vancouver. Great preparations, it is said, are being made to make it a "gay and festive" affair. The proceeds being designed to assist the fire company, the friends and well wishers of the Fire Department of Vancouver will of course, attend, or, if unable to be present, purchase tickets. We hope the Gen Allens may have a regular rousing benefit.

THROWN FROM A HORSE.—Charley Robinson, butcher at the corner of Oak and Second street, while out riding yesterday morning met with a severe accident at the corner of Stark and Second. The girth of his saddle came loose and turned with him, throwing him violently upon the ground. His face was badly bruised and the ... so severe that he will probably not recover ... weeks.

HOMESTEAD SALE.—A desirable homestead, consisting of two lots, with a cottage thereon, at the corner of Eighth and Montgomery streets, will be sold to-day by Mr A. B. Richardson, at his auction store on Front street. The sale will be at 10 o'clock A M, terms, cash; ... For description of the property, see Mr Richardson's advertisement.

A FINE PICTURE.—At the entrance to Mr. Joseph Buchtel's Photograph Gallery, may be seen a fine picture of the Court House, and a portion of the Plaza and buildings in the neighborhood. The picture is an unusually clear one and shows what Mr Buchtel can do in the way of taking ... views.

... EXCURSION.—The steamer Ranger is announced to ... an excursion to-morrow (Sunday) to St. Helens, leaving Vaughn's wharf at 9 o'clock A. M, and ... the return at 3 P. M. We are informed that a considerable number of people have already engaged tickets.

BOARD OF DELEGATES.—The Board of Delegates of the Fire Department, hold their regular monthly meeting to-night.

ODD FELLOWS' CELEBRATION.—The Odd Fellows' celebration of the anniversary of the introduction of the order into the United States, took place in this city last evening. The most of the members of Samaritan and Hassalo lodges and a few visitors from Oregon City and Vancouver were present, accompanied by about twenty-five or thirty ladies. Addresses were delivered by Mr A. G Bradford and Bishop Scott. The company enjoyed a very pleasant evening.

I O G T.—A lodge of Good Templars was organized on the 23d inst at Bethel, Polk Co, by Capt E G Adams, Grand Lecturer. The lodge was instituted with ten charter members and Mr John W Lancaster as W C T. They have a fine hall to meet in—formerly the Masonic hall.

"LECTURE TO GENTLEMEN, ONLY."—Prof. J. Compton, M D , proposes to deliver a lecture to-morrow evening, at Oro Fino Hall, to gentlemen only. Subject—"The Physical Causes that lead to Divorce or the Separation of Husband and Wife." Admission is free.

PRESBYTERIAN PASTOR.—A private telegram from San Francisco announces, as we learn, that Rev. Mr. Frazer will leave that city by the steamer of to-day, and upon his arrival here will take the pastoral charge of the Presbyterian Church of Portland, for a few months.

THE MEACHAM ROAD.—A letter received a day or two since from the Meacham road across the Blue mountains says that the rains and high water have come and gone, and the road has received no damage. It is better now than ever known.

FOR THE PENITENTIARY.—Sheriff A. W. Ferguson, of Wasco county, arrived by the Cascade yesterday afternoon having in charge an Indian convicted of horse stealing, and whom he is taking to the penitentiary at Salem.

WILLAMETTE FREIGHTS.—Arrived per steamer Alert, from Oregon City, Friday, April 26th. 5607 qr sks flour, 285 boxes apples, 2 cases mdse, 1 trunk, 1 roll leather, and a lot of household furniture.

PERRY DAVIS' VEGETABLE PAIN KILLER.
THE GREAT FAMILY MEDICINE OF THE AGE!
Pain Killer taken internally, should be adulterated with milk or water, and sweetened with sugar if desired, or made into a syrup with molasses. For a cough, a few drops on sugar eaten will be more effective than anything else. For sore throat, gargle the throat with a mixture of Pain Killer and water, and relief is immediate and the cure positive.
It should not be forgotten that the Pain Killer is equally as good to take internally as to use externally. Each bottle is wrapped with full directions for its use. Dyspepsia can be and is cured every day by the use of Perry Davis' Pain Killer. This is the most wonderful and valuable medicine ever known for this disease. Its action upon the system is entirely different from any other preparation known. The patient, while taking this medicine, may eat anything the appetite craves. Sold by all medicine dealers. mh20daw1m

SHATTERED CONSTITUTIONS RESTORED by HELMBOLD'S EXTRACT BUCHU.

Bronchitis or Chronic Sore Throat.—It is attended with irritation of the bronchial tubes, which convey the air we breathe into the lungs. The irritation produces sore throat, hoarseness, coughing, and sometimes spitting of matter streaked with blood. If it is neglected it will extend down to the lungs, and settle into confirmed consumption. ALLEN'S LUNG BALSAM will be found a most valuable remedy for curing this disease, and prevent its running into the consumption. For sale by dealers in family medicine generally. ja20

MANHOOD AND YOUTHFUL VIGOR are regained by HELMBOLD'S EXTRACT BUCHU.

☞ The Best Remedy for Purifying the Blood, Strengthening the Nerves, Restoring the Lost Appetite, is
FRESE'S HAMBURG TEA.
It is the best preservative against almost any sickness, if used timely. Composed of herbs only, it can be safely given to infants. Full directions in English, French, Spanish and German, with every package. TRY IT!
For sale at all the wholesale and retail drug stores and groceries. EMIL FRESE, Wholesale Druggist,
Sole Agent, 410 Clay Street,
jy5decmwly San Francisco.

THE GLORY OF MAN IS STRENGTH.—Therefore the nervous and debilitated should immediately use HELMBOLD'S EXTRACT BUCHU.

If, as the old adage declares, "Health is the Greatest earthly Blessings," then every effort to preserve it pays well.
DRAKE'S PLANTATION BITTERS
Have been of great service in making people healthy, and keeping them so. They should be found in every household.
They give tone to the Stomach, vigor to the body, and remove dark doubts and unhappy feelings from the mind. They relieve pain and fortify the whole system against the attacks of disease.
There is nothing better to take "for the Stomach sake" than the PLANTATION BITTERS.
They cure Dyspepsia, Heartburn, Indigestion, Drowsiness, Headache, Pain in the Side, Liver Complaint, and Rheumatic Pains, with magical power.
A good effect is felt at once upon making the first trial. No change of diet is necessary. Eat the best you can get and all you want. Follow our directions and you will soon feel
WELL, STRONG AND HEARTY.
A great many side hits are being made at the Plantation Bitters, by a score or two of disinterested friends who have endeavored to imitate or counterfeit them. It's all of no use. The people won't be imposed upon. The Plantation Bitters are increasing in use and popularity every day, and "that's what's the matter." They are the same sized bottle, and made just as they were at first, and will continue to be, or we shall stop making them.
They create a healthy appetite.
They are an antidote to change of water and diet.
They overcome effects of dissipation and late hours.
They strengthen the system and enliven the mind.
They prevent miasmatic and intermittent fevers.
They purify the breath and acidity of the stomach.
They cure Dyspepsia and Constipation.
They cure Diarrhoea, Cholera and Cholera Morbus.
They cure Liver Complaint and Nervous Headache.
They are the best Bitters in the world. They make the weak strong, and are exhausted nature's great restorer. The Recipe and full Circular are around each bottle. Clergymen, Merchants, and persons whose sedentary habits induce weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, liver complaint, constipation, &c., will find immediate and permanent relief in these Bitters. But above all, they are recommended to weak and delicate females and mothers.
They are sold by all respectable merchants. See that each bottle has our private United States Stamp over the cork and steel plate side label.
Beware of refilled bottles. See that the stamp has not been tampered with. Any person pretending to sell Plantation Bitters by the gallon is a swindler and impostor, and should be immediately reported to us.

Barnes' Magnolia Water.
A toilet delight! The ladies' treasure and gentlemen's boon! The "sweetest thing" and largest quantity. Manufactured from the rich Southern Magnolia. Used for bathing the face and person, to render the skin soft and fresh, to prevent eruptions, to perfume clothing, &c.
It overcomes the unpleasant odor of perspiration.
It removes redness, tan, blotches, &c.
It cures nervous headache and allays inflammation.
It cools, softens and adds delicacy to the skin.
It yields a subdued and lasting perfume.
It cures musquito bites and stings of insects.
It contains no material injurious to the skin.
It is what every lady should have. Sold everywhere. Try the Magnolia Water once and you will use no other Cologne, Perfumery, or Toilet Water afterwards.

Mustang Liniment.
OVER A MILLION DOLLARS SAVED!
Gentlemen:—"I had a negro man worth $1,200 who took cold from a bad hurt in the leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."
J. L. DOWNING.
Montgomery, Ala., June 17, 1859.
"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Bruises, Sores, Rheumatism, &c., and all say it acts like magic. J. W. HEWITT,
Foreman American, Wells, Fargo's and Harnden's Express.
"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.
Gloucester, Mass , Aug. 1, 1865. ED. SEELY."
It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand. Quick and sure it certainly is. All genuine is wrapped in steel-plate engravings, bearing U. S. Stamp of DEMAS BARNES & Co. over the top.
An effort has been made to counterfeit it with a cheap stone-plate label. Look closely!

Lyon's Katharion.
It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning gray and falling off.
It restores hair upon prematurely bald heads.
This is just what Lyon's Katharion will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.
E THOMAS LYON, Chemist, N. Y.

Lyon's Extract Ginger.
LYON'S EXTRACT OF PURE JAMAICA GINGER—for Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make a cheap and reliable article for culinary purposes. Sold everywhere at 50 cents per bottle. Ask for "LYON'S" PURE EXTRACT. Take no other.
CAUTION. See that the private U. S. Stamp of Demas, Barnes & Co is over cork of each bottle. None other is genuine.

Lyon's Flea Powder.
DEATH TO FLEAS.—It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of fleas, ticks, bed-bugs, roaches, &c.; that it is perfect poison to the insect tribe, but strictly harmless to the human species and domestic animals. The genuine has the signature of E. LYON, and the private stamp of DEMAS, BARNES & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other.

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS 625 AND 627 FRONT ST.
HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.
The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

PIONEER WASHER.
JAMES BRUSIE,
AGENT FOR OREGON AND WASHINGTON TERRITORY.
THIS CELEBRATED WASHING MACHINE IS now for the first time introduced to the Oregon public. It is unrivalled for its simplicity, durability and the rapidity and ease of its action. Washing the dirtiest clothes perfectly clean in from five to ten minutes, with but slight labor, and lasting, with proper care, for ten years. The wear and tear of clothing in washing by this machine is vastly less than by any other known process of washing. It is easily worked by one person.
This Machine captured the Special Premium at the California State Fair, and all that have used it pronounce it an invaluable adjunct to aid housekeepers and families and washing men and washing women.
It has been extensively introduced throughout the State of California, and receives the universal commendation of all who have used it.
The undersigned is now in the city of Portland, where he can be seen at Messrs Knapp, Burrell & Co 's, corner of Front and Alder Sts, east side, Portland, and is prepared to furnish the Machine to purchasers and also to sell and dispose of County Rights for the sale of the same.

Notes on the Resources of the Upper Columbia

A correspondent of the *Alta California* furnishes the following notes of a trip through a portion of the great valley of the Columbia

The first large valley opening upon the Columbia, after we reach the Cascade Mountains, is at the mouth of the Salmon River, eight miles above Wind Mountain, and immediately opposite on the Oregon side is the Hood River country which is only partially settled, though it offers the greatest inducements for farmers stock raisers and lumbermen This valley as the name of the river indicates, lies at the foot of Mount Hood and on the Columbia River. It contains a great many thousand acres of the richest land now subject to pre emption, homestead or private entry The present population is large enough to afford good schools, and is composed of the most intelligent class From this place to the Dalles on each side of the river, there is much good land, all well timbered and watered At the Dalles the valley widens very rapidly, particularly on the Washington side, and soon spreads out ninety miles to the foothills, and holds this width on up to and above Fort Colville, a distance of five hundred miles All this is the best of agricultural or grazing land The Clickatat country was once the home of a large and warlike tribe of Indians who have gradually yielded to advancing civilization, till now the whole tribe consists of a few hundred souls, comfortably settled upon a Reservation suited to their present and future necessities. They pay implicit obedience to their Christian leader and agent, Rev. Jas. H. Wilbur. By the treaty with the Clickatats, a large scope of the most beautiful country is thrown open to settlement, and there is no longer any risk of savage outbreaks Then comes the Yakima country, once the home of the Yakima Indians, a tribe not so large and powerful, or, indeed, so warlike as the Clickatats, but occupying a country far superior and more extensive with better farming land and much greater advantages for stock growing Snow has seldom been known to fall, and never to remain any length of time on the ground The Yakima River flows into the Columbia River, thirty miles above Wallula, though on the opposite side A large scope of the table land, affording the finest grazing, intervenes between the Simcoe and the Okanagon Excellent prospects of gold have been found in the beds of both streams, indeed, in the former much gold has been taken out, but the diggings were abandoned for the Salmon River mines, and since then, the miner has been attracted by the glitter of gold in Idaho and Montana. We still pass on up the Columbia, through a country of the same characteristics, for more than one hundred miles, then coming into the Colville valley, which is much larger than any I have mentioned, and about equal to the Willamette, and is much more improved than the other valleys I have mentioned east of the Cascade Mountains, because of the long subduing of the Indians by the Hudson Bay Company, who had a trading post there. Fort Colville and Pinkney City, in this valley, are rapidly growing to meet the demands of the increasing trade springing in to existence by reason of developments, both agricultural and mineral, concentrating in their bearing at these points. Much of the trade of the northern portion of British Columbia finds more convenient outlet through this valley and down the Columbia River. The rich mining country drained by the Pen d'Oreille and the many tributaries of the upper Columbia find outlet naturally down the main river, all giving enhanced interest to this first great valley In every bar and all along the shore of the Columbia River, from below Umatilla up to Colville, there are good $3, or China diggings, and in many places as much as $5, and all will be worked as soon as the country is settled, and the excitement of rich strikes has passed. Colville is the true head of navigation on the Columbia River, over six hundred miles from its mouth, with depth enough all the way for steam boats of good size, with portages at the following places Cascades, 145 miles from the Pacific, Dalles 50 miles farther; Priest's Rapids, 225 miles further, Buckley's and Okanagan Bars, at about equal distance, dividing the remainder of the route.

INDIAN TROUBLES IN CALIFORNIA —We take the following account of the murder of four persons in Klamath Co., Cal., from the Humboldt *Times* of April 6th:

Early on Sunday morning, March 31st, Indian Frank, one of the most desperate of the Hoopa braves, shot and killed Mr. R. L. Stockton, Agent of the Hoopa Reservation, Mr. James Latham, packer, Wm Griffon, and —— Slofer, miners on the Trinity above Fort Gaston.

This sad affair took place on the north side of the Trinity river, opposite the mouth of Willow Creek, and about eight miles above Fort Gaston.

The origin seems to be as follows

Frank had left the Reservation without leave, contrary to well known rules, and had refused to return when sent for. About the 23d of March, Mr Stockton went out to bring him in; but having no canoe could not cross the river. On Saturday … he went a second time, crossed the … Sunday morning with the persons above … leaving Mr Pratt, an employee, on the south side of the river

These were all the whites that were within miles of the place of the murder.

When the Agent and his party came near the cabin, they caught two deserters from the reservation, when Frank, who was inside the cabin, commenced firing upon them with his revolver, shooting first Mr. Slofer through the forehead, next, Mr Stockton, through the left breast, Mr Latham near the eye and Mr. Griffon just above the hip. All were armed—Stockton, Latham and Slofer with revolvers, and Griffon and Stockton with a Henry's rifle. All fell when shot, except Griffon, who ran for a tree, Frank pursuing and shooting at him, saying "Damn you, Bill, you needn't run for I will have you any how"

When Griffon gained cover, Frank was forced to run and was soon out of range. Griffon, weak from loss of blood, crawled into the cabin where he lay for some time, until hearing a noise he looked out and saw Frank bending over Stockton's body, he raised up and fired but missed him. Frank seized Stockton's rifle and made his escape and has not since been heard of.

The *Times* adds.

It is to be hoped that this affair is only caused by the desperation of one Indian alone, but from his known hatred to the whites it is feared that he may induce others of a like character to join him in his zeal for revenge and murder

RELIEVING THE SOUTHERN DESTITUTE —The cry of distress from all parts of the South will be intensified and aggravated by the disastrous flood Indeed, appeals from the South are fast multiplying For example, the Louisville *Courier*, a rebel paper, in its issue of March 13th, says

We spent an hour yesterday with Rev. G. W Neely and Mr George J. Salley, of Lowndes county, Alabama, and learned with regret some thing of the extreme destitution of the people in that section These gentlemen have come here, commissioned by the citizens, the Church and the Masonic fraternity, to solicit contributions to relieve their sufferings They bear letters from many well known and influential men, including Governor Patton, commending them in the highest terms and appealing to the more fortunate of this section for assistance. Mr. Neely, who has traveled extensively in that section of country and labored faithfully for the relief of his fellow citizens, is probably better acquainted with the condition of affairs than any one we have seen He informs us that there are not less than one thousand persons utterly destitute in Lowndes county, and that the only assistance they had received since the first of January was forty sacks of corn and two hundred pounds of bacon from the Government, and that this was carefully divided among about three hundred of the most needy In fact, they had not received anything previous to this The first families, who have been wealthy in bygone days, are actually suffering for food and clothing. Farmers are selling their horses to procure food, and will have to make their crops with the hoe. They are endeavoring to mortgage their crops for something to eat.

One of the gentlemen informed us that he had left his family, consisting of seven persons, with an unusually large supply, (he being more fortunate than many others) namely, two sacks (four bushels) of corn, twenty-five pounds of bacon, and seven dollars and fifty cents in cash, and with no prospect of getting anything more until he could send it from here. They have lived principally on potatoes during the winter, but the supply was short, and is now exhausted

SEMMES THE REBEL PIRATE —A large class in the rebel States agree with Semmes—now editor of the Memphis *Bulletin*, who is as bitter against Andrew Johnson as any Radical can be, because the President wouldn't grant him a pardon, so he could assume the office of Probate Judge in the city of Mobile—in the proposition that the best thing for the South to do is to attend to her crops and let politics and reconstruction alone. This doctrine is fatal to the rebel supremacy in the South, as it invites the negroes and their friends to go ahead and reorganize the Southern States without the aid of Semmes & Co There is something amusing in this proceeding Semmes says that the Military Reconstruction bill is no more unconstitutional than many of the acts of Andrew Johnson in the rebel States, and he makes some good points on the way the Southern leaders have heretofore gulped down the Johnsonian doctrine without a grimace

The Mercantile Library of San Francisco has 1,800 members, and it contains 21,557 volumes.

THE ZOOK MURDER IN MISSISSIPPI —On March 14th Governor Geary sent in a message to the Legislature of Pennsylvania, covering a petition for Jacob Zook, Lancaster county, asking for aid from the State to enable him to discover the villains who murdered his sons in Mississippi in the fall of last year Governor Geary recommended an appropriation for the purpose named, and thus recited the circumstances

From those papers it appears that in the year 1866 two young men citizens of this commonwealth Noah H Zook and Abraham H Zook, sons of Jacob Zook of Lancaster county, went to the State of Mississippi, and in partnership with W A Brown and Cyrus L Brown, residents of that State, rented a plantation on Big Black River, about twenty miles from Vicksburg From time to time during the spring and summer of 1866 they invested in their business over $5 000 On the 24th of last November their father received a telegraphic dispatch informing him that his sons were missing, and that it was believed they had been murdered, and on the following day a telegram was received, stating that the body of Abraham had been found on the 13th of that month lying in a swamp He had been robbed, murdered and stripped of his clothing, and from appearances had been exposed for at least two weeks, and mutilated by wild animals. Soon afterward a letter was received, confirming the terrible statements contained in the dispatches the writer urging that his communication should be confidential, and by his language showing that if his human efforts were known to his neighbors, his personal safety would be endangered

AN ACT TO PUNISH WORTHLESS HUSBANDS.—The following bill "for the punishment of any husband who shall without good cause abandon his wife or child, or children, and fail, neglect, or refuse to maintain and provide for them," recently passed the Missouri Legislature It has the clear ring of the true metal

Be it enacted by the General Assembly of the State of Missouri, as follows

Section 1 Every husband shall be deemed guilty of a misdemeanor who shall without good cause, abandon his wife and fail, neglect or refuse to maintain and provide for her, or who shall, without good cause, abandon his children under 12 years, born in wedlock, and fail, neglect or refuse to maintain or provide for such child or children

Sec 2 Every husband who shall be guilty of all or any one of the misdemeanors specified in this Act, shall be indicted and tried, and on conviction thereof shall be punished by a fine of not less than $50 nor more than $500, or by imprisonment in the county jail or work house not less than one or more than twelve months, or by both such fine and imprisonment.

Sec 3 No other evidence shall be required to prove that such husband was married to such wife, or that he is the lawful father of such child or children, than is or shall be required to prove such fact or facts in a civil action.

This Act shall take effect and be in force from and after its passage

Approved March 7, 1867.

FATE OF JEFF. DAVIS.—Amid all other cares and trials in the South there is manifested an intense desire that President Johnson shall soon release Jefferson Davis The Augusta *Constitutionalist*, evidently believing that the President can not be of further service to the Confederacy, casts him off in this vigorous language:

"Andrew Johnson cowers like a whipped cur before the Radical Congress. If he were not afraid his masters would impeach him, he would issue an order at once for the release of our gallant champion in the past—the veteran statesman and patriot, Jefferson Davis."

This is a rough way of saying it, but it probably contains the germ of the secret reason why Davis is kept in confinement. Another Southern journal expresses the belief that the next fiendish malignity toward the "shackled South" will be directly against the person of Jefferson Davis Luckily for the great traitor, the Radicals are divided on this subject. Greeley, Sumner & Co. believe that the best thing to do is to let Davis go—while John A. Logan and others want him hanged "high as Haman." Logan says there was law enough to hang Mrs Surratt, and if he were President, he would find law enough to hang Jeff Davis.

AN ASYLUM FOR SUPERANNUATED PRINTERS —The announcement that accompanied the publication of the will left by Charles F. Browne (Artemus Ward,) to the effect that his property—some $60 000—shall be appropriated to the founding of an asylum for printers, has drawn from the Chicago *Tribune* a practical suggestion, as follows

"We propose that the craft in all parts of the country, by a united resolve, provide that there be retained by the foreman of each newspaper and printing office, from the earnings of the journeymen, a sum equal to five mills upon each dollar his weekly bill This small tax, of one half cent on the dollar, should be paid over to a local treasurer weekly, and by him forwarded to a general treasurer, to be invested until such time as the asylum fund will be available. The tax is a small one to each person, but in ten years' time, if properly invested with its earnings, would constitute a fund equal to the establishment and endowment of an asylum equal to the demands of the craft, and worthy the men whose infirmities of body make them its inmates."

THE TENNESSEE LEGISLATURE —A Nashville paper says the Tennessee Legislature, during its session of about five months, has heroically performed twelve labors These are. The ratification of the amendment to the Federal Constitution forever abolishing and forbidding slavery in the Union; the Colored Testimony bill; the Civil Rights bill; the great Railroad Appropriation bill, the Metropolitan Police bill; the East Tennessee and Northern Railroad bill, the Loyal Suffrage bill—the enfranchisement of nearly fifty thousand colored voters, the Universal Free School bill, the ratification of the Second Constitutional Amendment, after a two weeks struggle with the President, the expulsion of the bolters from the House, and the Loyal Jury bill.

Gen Howard estimates the number of rations that must be issued to destitute whites and blacks at the South for the next five months to be, 8,535,000, costing $2,133,750, or $1,508,750 more than has yet been appropriated for that purpose The recent floods in the border country of Tennessee Alabama, and Georgia, and also Mississippi, have widely increased the suffering and destitution already existing.

A few minutes after a school at Butler, Indiana, had been dismissed, and ere the pupils were out of hearing, the ceiling, joists, principal rafters and beams came down with a terrible crash, crushing nearly everything beneath it. Full fifty pupils had been in attendance daily, and had it fallen when they were in the room the result would have been frightful

CHICAGONIST —The Chicago *Tribune* informs Doolittle, Dixon, Cowan, and Norton that they can "save a little remnant of their reputation by following the example of 'poor Jim Lane,' who made some reparation to his betrayed constituents by blowing out his brains"

FINANCE AND COMMERCE

WEEKLY REVIEW

PORTLAND, FRIDAY 2 P M, April 26 1867

Gold opened at New York yesterday at 138½ and during the day rose to 141, which is an advance of 5¼ since our report of last week This makes the price of legal tenders a fraction less than 71c The buying price here cannot be quoted above 70c

The season for an active trade in agricultural implements is approaching and though the stocks on hand are very large, importers are confident of disposing of them advantageously We quote to-day combined reapers and mowers headers, threshers, horse rakes etc, in addition to the articles heretofore in our list We noticed on the *Alert* Wednesday, marked "T D Edwards, Eugene City" one of Pitt's 8 horse 'Challenger' threshers and a Haines' header; also a Sattley's gang plow, all from the establishment of Knapp Burrel & Co We are informed by those gentlemen that they have already received quite a number of orders from the interior for different kinds of farm machinery

The wheat and flour market during the early part of the week was active in response to news from San Francisco and New York Private telegrams from San Francisco, near the close of the week, directed parties here to cease buying wheat Though the reason for this is not known the instructions have served to unsettle to some extent, the market for both wheat and flour Standard flour has been advanced to $6; Albany Steam Mills, $5 00 Dayton extra superfine, to $5 50, and superfine do, to $5; all other brands unchanged We clip the following, in relation to the breadstuffs market, from the San Francisco papers and circulars of dates from the 18th to the 20th, inclusive Knapp, Burrel & Co's *Review* of the 18th says:

The market for breadstuff continues active chiefly under the influence of large orders from New York, though there is a moderate demand for both flour and wheat for England At this writing there are six or more vessels loading or under charter to load wheat for New York, exclusive of the large freight engagements for flour to go forward via Panama, during the next sixty days Beside orders are constantly received from the East to send both flour and wheat by steamer yet it is generally understood that they are engaged full up to the 1st of June This includes flour and wool chiefly

The price of both flour and wheat has now reached the highest point attained since harvest still Eastern buyers do not falter and are free purchasers at our highest quotations Orders for flour and wheat are now upon the market to a considerable extent, as yet unexecuted and upon which no limit is fixed—the telegraphic order is simply to buy and ship confidence being given to parties here, knowing that they will use sound discretion to purchase and ship upon the most advantageous terms possible

Thus far the receipts from the interior continue free and the current demand for wheat is promptly met, so that vessels loading have dispatch, but having up to this date experienced any difficulty in procuring all the grain required. Our millers have at present full occupation, as shippers are now free buyers of flour as well as of wheat Contracts, to some extent have been entered into with Oregonians for several thousand barrels of their superior flour, to be delivered some time hence The *Ajax*, which left Portland on the 13th inst, is said to have 12,000 qr sks flour, like shipments to be continued for some time to come Our city millers, as well as some in the interior, have likewise been free sellers of flour on contract and this will compromise a considerable portion of the cargoes of the vessels now on the berth for New York and Liverpool The impression prevails that we have at least a half million sacks of wheat yet to go forward We have no doubt that we shall export at least that quantity prior to harvest, nor would it surprise us very much if our total exports of flour and wheat combined aggregate the bulk of five millions sacks of wheat for the harvest year, ending July first.

The *Alta California* of the 18th says

Flour is in good request, mainly for export Our quotations for round lots are as follows: Extra bakers' in barrels, at $7@$7 25 do, in hlf sks, at $6 50@$6.75; extra family, both city and country, in hlf sks at $6 25@$6 50; do, in qr sks, at $6 50@$6 75; superfine in bbls … and in qr sks at $5 50@$5 75 fine in hlf sks at $4@$4 25 and in qr sks at $4 25@$4 50 Oregon Standard Mills at $5 75 for qr sks, and $4 75@$5 for superfine Sales of 7,000 qr sks Oregon extra at $6 20@$6 25 bid

The same paper of the 20th states that since the 10th of November when the first shipment of flour to New York via the Isthmus, was made, the total shipments by that route foot up 340,078 qr sacks, equal to 260,000 sacks of grain

The supply of bacon, hams and lard is abundant, with light demand and prices tending down

In groceries there is little change to note Coffee is a little lower Trade, during the first part of the week, was a little more active, but is again, at the close, rather quiet

In hardware, transactions have been fair

DR. HENLEY'S Fountain of Life! THE GREAT BLOOD PURIFIER!

IN EVERY PROGRESSIVE SCIENCE PERIODS arrive when a new direction is imparted to its course, … derived from discovery of new facts … light which changes the whole aspect of the science. The present is an epoch of this kind, and this Great Remedy, now offered to the public In connection with the theory on which it is based is destined to effect an entire revolution in the treatment of the diseases of

SCROFULA AND KING'S EVIL! by eradicating the disease entirely from the blood. The FOUNTAIN OF LIFE is composed entirely of vegetable extracts, it contains no Mercury or other … substance

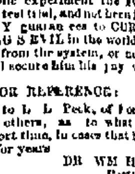

The Proprietor and Discoverer of this Sovereign Remedy CHALLENGES THE WORLD to furnish any … the days of Aesculapius down to the present time, in the arcana of Medical Science, which can vie with … the intrinsic properties of this Great Blood Purifier. Its value has been tested with the happiest effect in the most obstinate cases of Scrofula, that baffled the skill of the most eminent physicians in the world No matter what form the dreadful disease of SCROFULA and KING'S EVIL may have assumed, it can in no way be … and certainly arrested in its progress than by HENLEY'S GREAT BLOOD PURIFIER. Thousands have been … into their graves, who had they made a timely use of the FOUNTAIN OF LIFE, might now be enjoying the blessings of life and health It requires an article of … merit and intrinsic value to sustain itself. During the stern ordeal of public experiment the FOUNTAIN OF LIFE has stood the test trial, and not been found wanting.

Dr HENLEY guarantees to CURE any case of SCROFULA or KING'S EVIL in the world, and … the disease entirely from the system, or no charge —provided they will secure him his pay when they are cured
